SUPPORT MT SCHOOLS

Support Teachers

Threats of book bans and curriculum attacks are negatively affecting students and staff. Teachers are the heart and soul of the school and need a board that will respect, support, and empower them to teach as they were trained.

Champion Inclusivity

Public schools are meant to serve ALL students, no exceptions. The opposition wants to marginalize and exclude historically marginalized groups like LGBTQ+ students. The district needs a board that supports the rights of ALL students, staff, and teachers.

Build on Success

MT schools have a long history of providing exceptional academic and extracurricular opportunities to students. The current culture war being waged by the opposition threatens the integrity and reputation of the district. We need a board that will build on past success, not destroy it.

The Importance of Voting for ALL 5

The majority Party controls the decision-making process on the school board. Currently, the Republicans hold a 6-3 majority. To flip the majority to 6-3 in favor of the Democrats, ALL 5 of the 'Support MT Schools' slate must be elected. Historically, the results of these off-year elections are close, so every vote counts. Be sure to vote for ALL 5.
